

COMMUNITY NEWS SERVICE, BIRMINGHAM, MAY 4, 1992

We support the rights of all minorities to live, work and visit in our city *without* fear of discrimination or threat.

We are non-violent and oppose those people or groups who use violent means to violate other peoples' rights.

*All people have basic moral and constitutional rights.*

We support any individual's attempt to exercise these rights, and any legal means needed to assure they are treated fairly in our city!
